'In Knowledge Lies Strength'

Dear Parent/Carer Assalamu Alaikum اَلسَّلَامُ عَلَیْكُمْ

"O you who believe! Fasting is prescribed for you, as it was prescribed for those before you, that you may become righteous."
(Quran 2:183)

WELCOME TO TERM 2!

As your new Principal, I would like to say what a great honour and privilege it is to finally be here at the Islamic School of Canberra. I am grateful to all the staff for their wonderful dedication to the teaching and learning of your children throughout Term 1, and especially to Mrs Toni Brammall as Acting Principal for the supreme effort and sacrifice she made to ensure the smooth running of the School.

RAMADAN TIMING

Ramadan commences early next week (week 2) and amended school times are going to be in operation. **From Monday, 6th May School will commence at 9am and finish at 3pm until the end of Ramadan.** EID AL FITR holiday timings will be announced closer to the end of the month. On behalf of the School community I would like to wish you all a Blessed Ramadan and may Allah help us improve both our condition.

ISLAMIC BOOK FAIR

Br Imad Alsmadi and the Arabic/Islamic staff - with the generous assistance of senior students - are running their annual Islamic Book Fair in the library from Thursday 2 to Wednesday 8 May at recess, lunch and after school. There is a wide selection of books, games, small toys and gifts that would make excellent Ramadan and Eid presents for the whole family. Be quick before they are all gone!

STUDENT DROP-OFF AND PICK-UP

Please ensure that your vehicle is driven carefully on the School grounds. The safety of your children is paramount. Parent parking is restricted to the front (western end) of the car park and **not** in the staff car park beyond the demountables. Please also instruct your children not to walk across the busy road to your vehicle. Park and then collect them yourself from the footpath adjacent to the School entrance.

FUNDRAISING

Mothers from the School Fundraising Committee have approached me to suggest a variety of proposals to help the School. We agreed that at least two ideas can be easily implemented: collecting and recycling used containers (**no glass please!**), and selling (Cadbury) chocolates. So start collecting those plastic water bottles, poppers and aluminium/steel cans so students can bring them into School.

Mr Siddiq Buckley, Principal
