'In Knowledge Lies Strength'

Dear Parent/Carer Salam Alaikum

"And ever is Allah forgiving and merciful"

Al Quran 48:14

REGISTRATION

We were visited by the Education Directorate on Thursday 15th August. They assessed our paperwork for Year 9 and are coming back on Friday 23rd to finalise their assessment. We will not receive the outcome until later the year, and it will be communicated to families as soon as possible. Some feedback from the day included how exceptionally hard our teachers and staff work and how polite our students were on the day.

RUGBY

Rugby sessions with the Canberra Brumbies began this week. All classes will be having PE sessions with them every Friday until early next term. ISC started this sporting relationship with the Brumbies club last year and we endeavour to continue building it in the future years.

BOOK WEEK

Book Week begins next week, and classes will focus on rich literacy tasks in celebration of this. Dress up for book week will be late in the term to coincide with our Book air and not interfere with registration meetings.

HATS ON IN SEPTEMBER

Students will be expected to wear their hats again from Monday 2nd September- first day of Spring. We will send out reminders via Class Dojo and text messages. ISC prides itself on being a 'Sun Smart' school and appreciate your support.

'TIME OUT'

Time out is a consequence that is on our behaviour management chart. If a low- level behaviour is constantly repeated, or there is a high- level behaviour, the teacher may choose to have your child have a 'Time Out from play. Please note, this is not suspension and if you're concerned for the reasoning behind it, please talk to the appropriate teacher and they will inform you as to why they came to that decision. Your support in our behaviour management is always appreciated.

Have a lovely weekend.

Mrs. Toni Brammall- Acting Principal
